

FRHBW

ROUND LED
NATATORIUM

The Fidelux FRHBW Round LED Natatorium Luminaire series is uniquely designed for long-lasting durability in chlorinated environments. This series is proven to withstand harsh chlorine vapor, humidity, and water droplets and preventing localized corrosion while offering a wide range of lumen packages. FRHBW comes standard with a CCT selectable feature producing up to 150 lm/w. FRHBW fixtures feature a 120 micron powder-coated finish, which is 100% thicker than standard finishes, further enhancing the durability this series provides. The polycarbonate anti-UV IK08 lens offers beam spreads of 60, 90 and 120 degrees. Optional integrated sensors provide both PIR and ambient light functions, which are easily controlled and programmable in the field with a remote control. IP65 External Emergency Battery Packs are available for all wattages with the flexibility to be either factory or field installed. Optional remote offered for EM Packs for easy testing in the field.

- 400 Hour Salt Spray tested
- IK08 impact resistant polycarbonate lens
- **120 Micron corrosion-resistant finish**

HOUSING Die cast aluminum with 120 micron corrosion-resistant powder-coated finish. All screws 304 stainless steel.

LEDS CRI >84. Operating life >50,000 hours (L70). Selectable CCT.

OPTICS 60, 90, or 120 degree beam spread clear IK08 impact resistant anti-UV polycarbonate lens. 120 degree frosted lens available. 120 degree lenses not DLC qualified. Aluminum and prismatic polycarbonate shades available.

ELECTRICAL 120-277V, 50/60 Hz, power factor >0.9. THD <20%. Drive current 100W: 0.8A; 150W: 1.2A; 200W: 1.7A; 240W: 2.0A.

EMERGENCY POWER Optional external EM backup battery packs available with 90 min minimum duration. 100W FEM-T25 = 3350 lm; 150W FEM-T25 = 3365 lm; 200W / FEM-T40 = 5452 lm; 240W with FEM-T40 = 5390 lm. Optional remote control FEM-T-RC available for remote testing. See FW configuration for Factory-Wiring and assembly. *Not compatible with sensor-equipped units.*

- Energy efficient performance up to 150 lm/W
- Waterproof gasketing
- >50,000 hours operating life (L70)

CONTROLS 0-10V dimmable standard. Optional factory- or field-installed plug-and-play integrated PIR/Ambient Light sensor. Optional MPS-RC Remote control for field programming and testing. MPS not compatible with Emergency-equipped units.

TEMPERATURE Operating range -31°F to 122°F (-35°C to 50°C).

ACCESS / WIRING External wiring with connectors included. 5' power cord. Externally accessible CCT selection switch (IP65). 1' Dimming Wire available.

MOUNTING Closed Ring (included), Yoke, Hook, and Pendant mount options. ADP-1/2" and ADP-3/4" pipe adapters offer cable feed-through.

WEIGHT 100W units: 4.75 lbs.; 150W units: 5.84 lbs; 200W units: 7.16 lbs; 240W units: 8.70 lbs.

LISTINGS UL, DLC Premium.

WARRANTY 5 year limited warranty.
